

## Englebright Is Speaker During Club Meet Here

### Tells War Of Efforts Being Made By Country During Visit

A frank discussion, which was not optimistic nor pessimistic, on the war program featured the address by Congressman Harry L. Englebright of Nevada City, who spoke before a meeting of the Truckee Lions Club last night. Englebright, who is returning to Washington in the near future following his reelection over a field of three opponents at the primary by the biggest vote he has received during the ten times he has been elected, told many interesting facts concerning the war effort.

While much of the talk was "off the record", he disclosed that by the end of 1943, the allied armies would be in a position to take the offensive. At that time, he predicted, the United States would have 7,000,000 men under arms. Equipment is now ready for them.

In pointing out this figure, he emphasized the need for individual effort, pointing out that for every man in the service it requires the work of ten at home to keep going.

"We have had troubles and will have more," the speaker declared. "We will have blood, tears, heart-breaks and reverses, but in the end we will have victory."

Englebright was accompanied to Truckee by Mrs. Englebright and the two enjoyed visiting with old and new friends.

## Truckee Matron Expires After Lengthy Illness

Ellen Lazzari Esola, 44, Truckee housewife and since 1920 a resident of this town, died at a Reno hospital Tuesday afternoon at 3:30 o'clock following a long illness. She had suffered from a throat infection and every known medical remedy was employed without avail. She had been in the hospital three months and eight days.

Funeral services will be held at the Truckee Catholic Church Saturday morning at 11 o'clock and interment will be in the Truckee cemetery.

A native of Italy, Mrs. Esola came to the United States and settled in Truckee in 1920 and has since made this her home. She had many friends who will deeply regret her untimely death.

Surviving are her husband, Albert Esola, a son, August Esola, a brother Pete Lazzari and a sister, Mrs. Francis Esola all of Truckee.

### FORMER LOCAL MAN EXPIRES IN RENO

C. A. Cross, 59, at one time a Truckee butcher and widely known and liked in this district, died suddenly following a heart attack at his home in Reno Monday. Funeral services will be held this afternoon at 2 o'clock at the Ross Burke chapel in Reno.

Cross was a brother in law of E. B. Valverde, who operates a laundry truck in this area. He is also survived by his wife, a daughter and two grandchildren all of Reno.

### Church Services

Mrs. J. E. Brandlin who is to be in charge of the Community Church, announces that church school for all ages will be held each Sunday at 10 A. M. and morning worship at 11. Sunday's sermon will be An Essential to Life. The public is invited to the meetings.

### Sale At Rossarini's Is Continued To Sept. 15

The stock at Rossarini's Store was purchased last week by Max Grone of Los Angeles who is continuing the closing out sale until September 15 at which time the store will be definitely closed, he said. Efforts to have a permanent clothing store to replace Rossarini's installed here are being made by the Truckee Chamber of Commerce.

### Leave Truckee—

Mr. and Mrs. Joseph Kuehn who have operated the Sierra Tavern for the past several months left Tuesday night. Mrs. M. Meagher, owner of the property has arrived to assume charge temporarily or until the new manager is secured.

## MY PLACE IN THE SUN

By PVT. DOUG BARRETT

This week my letter from home informed me of the shocking and untimely death of your friend and mine—Harold Hart. I can't recall when any single bit of news hit squarely between the eyes as that. With so many unworthy trouble makers living and thriving, it seems a trifle on the wrong side to take a man so well esteemed and respected by all who knew him and so thoroughly loved by the family that surrounded him, "Dutch" was tireless in his zeal to promote Truckee and to make his business one of the most creditable in town. To those of us who enjoyed the friendship and hospitality, the blow is hard and there are no words that can adequately cover the sincere grief I personally feel at the passing of such a man and leader as Harold M. Hart.

My sympathy is also extended to W. M. Englehart, Sr., upon the loss of his sister. While her passing was not unexpected and while I never knew her, I know that any person raised in the same family as her brother will be a deep-felt loss to friends and neighbors made during her lifetime.

To Catherin Ulland, who closed out a business that has been a personality for many years, I extend my best wishes for happiness in her new venture. May it be as successful as her venture in Truckee.

Well friends, there's a lot of things I'd like to write about Camp Kearns but we just got a "processing" lecture on button up the lip, so I'm going to lean over backwards to keep quiet. However, I got a pass Sunday night and went into Salt Lake. We went to see the miracle of Brigham Young's people, Picture a location between Reno and Carson City, put big green farms and a city of a quarter million in its midst and you know what I mean by miracle. The people are fine, courteous and friendly. The town is clean and well regulated showing the obvious results of early and consistent planning.

### FINES LEVIED FOR LIQUOR, TRAFFIC VIOLATIONS HERE

Justice of the Peace C. E. Smith had a real field day Monday.

One man was fined for selling liquor to a minor, a second was jailed for driving while intoxicated, one was fined for violating the state's caravan act and four were fined for speeding.

Gino Giovannoni, 30, Truckee, paid a \$100 fine when he appeared on a charge of selling liquor to a minor Indian girl in the bar of the Sierra Tavern. The sentence was imposed by Judge Smith gave an alternate of 50 days in jail. Giovannoni elected to pay the fine.

The arrest was made by state board of equalization officers who brought the charges against the bartender employed by Joe Keuhn.

Guraro Gutierrez, 55, Madera, was charged with operating a vehicle under the influence of liquor and ordered to pay \$300 or spend 150 days in the county jail. He went to jail.

Gutierrez had previously been arrested for the same offense and at the time of his arrest he was driving with a revoked license.

Oscar Olson, accused of violating the state caravan act, paid a \$100 fine. Speeders who paid \$5 each for driving 60 miles an hour or more were Robert Squires of Rewood City, Sidney Goure, Oakland, Ernest Lombardi, Sierraville and Edwin Willard of San Francisco.

### DRASTIC CUT MADE IN TIRE QUOTA HERE

The September tire quota shows a drastic curtailment over August, it has been announced by John Osborne the Nevada County coordinator.

The September quota makes available only 30 per cent as many passenger tires, 60 per cent as many grade two and 40 per cent as many passenger recaps. Only 50 per cent as many new truck tires and 41 per cent as many truck tubes were allocated to the county.

This means definitely that the three rationing boards in Nevada County will barely be able to meet the essential demands of national defense, Osborne said.

Rules are becoming more and more rigid as tires become fewer and fewer, he added, in pointing out the need for strict adherence to all the governing rules.

### In Oakland—

Mrs. C. B. White has been visiting friends in Oakland for the past week.

## „Sun“ Beams

by WALTER M. BARRETT

Four drivers this week paid fines in the local justice court for speeding. None had legal excuse for the violation. One of the most important and widely publicized necessity in the war effort, we are told, is the conservation of rubber. Then we are told that conservation can only be affected through careful driving. All drivers know this and it will always be a puzzle to us why good citizens continue this violation.

Don't forget that the winning of the war depends upon us as individuals, working in harmony. By this time everyone of us had heard of the urgent need for scrap materials but we often wonder if we realize just how important the collection of the scrap is. Unless we all respond then we are certainly hampering the war effort. If you have any old iron or other metals, cost off rubber or other materials wanted by the government, go to the phone today and call 150 and a truck will call and get the scrap in the scrap. Any profit will go to the U. S. O.

Truckee schools opened this week and scores of youngsters returned to classes. Why not make it a point this year to keep in close contact with your schools? Whether or not you have children in school should make no difference in your attitude. We want all our children to develop into good citizens, and only through adequate schools can this be accomplished. Your schools have good men and women on the boards who will do a better job with our cooperation.

Our hat is off this week to Mr. and Mrs. Frank Powell who Sunday celebrated their 60th wedding anniversary. They are fine people and deserving of many more years of useful citizenship which they have certainly enjoyed in the past.

### Old Metal Rails Here Replaced With Cement

An example which might well be followed by others was set last week by the Southern Pacific Company when all the old portions of steel rail used as guards around the railroad company's buildings were replaced with concrete posts so that the metal might be put into war production. Several thousand pounds of the vital metal are contained in old rails used along the main street and replacement by concrete would result in better appearance as well as adding materially to the war effort.

### Former Local Flier Is Married To Reno Girl

Announcements have been mailed revealing the August 3 marriage of Charles B. Rich, Jr., of Sacramento and Miss Betty Boardman of Reno. Rich was one of the Sacramento Junior College boys training at the Placer Flying Service field near here this summer. The bride is the daughter of Prof. and Mrs. H. P. Boardman of Reno. She attended the University of Nevada and has been teaching. Rich is soon to leave as an air cadet for the army.

### Jean Huff of Homewood Marries Woodland Man

Miss Jean Huff, daughter of Mr. and Mrs. C. Don Huff of Homewood and Woodland who became the bride of Robert Brown of Woodland on August 29, was the honoree at a number of parties.

Mrs. Ray Hughes, also of Woodland, who spends the summers at her Donner Lake home with her daughter, Mrs. R. D. Jones, Jr., were hostesses at the Hughes valley home at a dessert bridge party recently in honor of Mrs. Brown.

### Smiths Here—

Mr. and Mrs. Carl Smith of San Francisco, former Truckee residents, are vacationing at their home on Donner Lake.

## Grandson Of C. F. McGlashan Cited In Midway Fight

### Local Relatives Hear About Citation In Marine Engagement

TAHOE CITY, Sept. 3.—News has reached Tahoe of the following citation to 29-year-old Major Robert C. McGlashan, U. S. Marines, and son of the late Dr. Earl L. McGlashan, for distinguished service on Midway Island prior to the recent Jap bombing attack: "For distinguished service in line of his profession prior to the bombing attack by Japanese carrier-based aircraft on Midway Island, June 4th, 1942. His tireless efforts, careful planning and co-ordination during the preparation for the attack contributed in a large degree to the smooth and effective functioning of the defensive installations on that day."

Major McGlashan is a grandson of the late C. F. McGlashan of Truckee, former publisher of the Sierra Sun. He graduated from the University of California in 1935 with membership in Phi Beta Kappa and honors in military science. Upon graduation he entered the marine corps as second lieutenant, saw service in Shanghai, and Peiping before the outbreak of the war and was at Honolulu during the Pearl Harbor attack.

Major McGlashan or leave prior to a new assignment, recently joined his wife and two children at the home of his step-father and mother, Dr. and Mrs. Earl Macy in San Francisco. Professor and Mrs. George Hinkle are following with pride the upward climb in the career of their nephew.

### Bishop Porter Speaks At Rotary Meeting

Bishop Noel Porter of Sacramento was the speaker at Monday night's meeting of the Rotary Club and his subject was "The Profits of Rotary." Carl Bechdolt was program chairman and Lloyd Greene presided. Visiting Rotarians were Dr. Jack Hill of Palm Springs, Noel Porter and D. Ford McCormack of Medford. Other guests were Walter Peterman of Tracy and John Brandlin of Truckee.

### Rest Camp at Hobart Closed For Season

The Hobart Mills CCC camp which served as a rest camp for men from Mather Field for several weeks this summer has been closed and the equipment and personnel returned to Sacramento. Officers expressed their appreciation for the cooperation that was given by Truckee residents in transporting the men to and from the depot. Lieutenant Swartz, who was in charge of the camp predicted it would be reopened next spring.

### New Educational Course Being Studied By Prof. Hinkle For War Work

TAHOE CITY, Sept. 3.—Dr. George Hinkle of the San Francisco State College who has been vacationing with his family at his home in the Bittencourt Tract, expects to return to San Francisco early this month to organize a new course in the University of California Extension Division, in government correspondence and report writing.

Dr. Hinkle is now chairman of a committee of seven, composed of college professors and public school teachers, appointed with the approval of the state department of education to study curriculum in English composition throughout the educational system. It hopes to aid in the improvement of teaching in all grades and its main objective is the raising of standards of literacy in written work and statements of needs, from teachers, parents, and employers. Anyone having a helpful suggestion should communicate with Dr. Hinkle. Department of English, San Francisco State College. Their communications will be held in confidence and will be truly appreciated.

## Fifth Son In Local Family Now In Army

The fifth and final boy in the George Waters family of Truckee this week was accepted into the military service of his country.

Roy Fletcher Waters, graduate of the local schools and a lifelong resident, enlisted by voluntary induction in the army and Tuesday passed his physical examination in Sacramento and was given the customary two-weeks leave of absence before reporting to the allocation center at Monterey. He attempted several times before to enlist his services but it was only since relaxing of requirements in examinations that he was acceptable.

Four brothers previously enlisted and are now scattered over the world, Edwin being in England, Billy somewhere on the Pacific with the navy, Irving in training somewhere in southern California and Orlan in San Francisco.

The Waters family certainly has gone all-out in the war effort.

## Absentee Votes Make No Change In Former Score

No material changes in the results of the Primary Election were made by counting of absentee ballots by the board of supervisors yesterday.

N. F. Doley and Charles Pierce still must make the runoff at the November general election and while Sheriff C. J. Tobiasen gained nearly 100 votes, he must still meet Dick Hoskins in November. Tobiasen had 309 absentee votes and Hoskins had 213; Fred Williford 66.

Phil Scadden and Eben Smart were evenly divided in the absentee polling the former getting 261 and the latter 241. Fontz had 80.

Elma Hecker continued her big lead over her three opponents, James and Joe Henwood and Joe Martin, the three getting a total of 250 votes to Miss Hecker's 310.

Dolley received 12 votes for a total of 193, while Pierce received seven for a total of 109. Frank Titus gained nine for 92 total. This puts Dolley eight votes behind winning at the primary.

### BABY ARRIVES

Mr. and Mrs. Forrest Easton, nee Lena Tennis, of Hayward are receiving congratulations upon the arrival of a baby daughter, Patricia Lee, born August 22. The father, a sailor in the U. S. Navy, is somewhere at sea and has not been notified of the arrival.

### PATROLMAN LEAVES

State Patrolman and Mrs. William Lowe and family left yesterday for San Bernardino County to where the former was transferred. They had lived here six months and recently occupied the Barton home in Gateway Park. A replacement will be made.

### County Ranks 33rd In Bonded Debt In State

Bonded debt of the local governments in Nevada County at June 30, 1941, averaged \$28.70 for each person in the county, the California Taxpayers association announced. The county ranked 33rd from the highest of the 58 counties in per capita bonded indebtedness for local governments in the area. Data for 1941 are the latest reported on a statewide basis.

### Englehart Boy

Mr. and Mrs. William Englehart, Jr. are the proud parents of a baby son born this morning at 6:30 at the Sutter Maternity Hospital in Sacramento. Bill, the third weighed 8 pounds and six ounces. Mother and son doing well.

## Deer Hunting In This District Is Virtually Sure

### Dove Season To Continue Pending Advertising As Required

SACRAMENTO, Sept. 3.—All the areas in the state which would normally open for deer hunting September 16, including Truckee and the surrounding district, except a strip through the Mother Lode country, mostly grassy foothill land, will be opened as usual.

The closed district will consist roughly of the southwest fourth of Shasta County, west third of Tehama, central portion of Butte, east section of Placer and El Dorado, the east half of Amador, east half of Calaveras, east one fifth of Mariposa, central third of Madera, central fifth of Fresno and all of Kern except the western, one fifth.

Closing of dove hunting season in the areas of California designated by defense officials as fire hazards cannot be effected probably before September 10 or 15, Dave Foutz, secretary to Gov. Olson said this week.

Although Kenneth I. Fulton, secretary of the department of natural resources yesterday accepted the recommendation of the forest problems committee as to districts in which hunting should be banned, the fish and game commission has yet to take affirmative action, Foutz said.

The closing order must be advertised on two occasions a week apart, he declared and it must be returned to Fulton for his formal approval and signature of the governor.

### \$567 Turned Into County From Local Fines, Fees

Justice of the Peace C. E. Smith reports that for the month of August he turned in to the county treasury a total of \$567 in fines and fees. This was one of the heaviest months in court action here in recent years.

### Son Arrives

Victory Daly Sykes is the name of the latest son in the Raymond Sykes family, born August 28 in San Francisco. Mrs. Sykes, the former Yvonne Gaiennie, and her third child are doing nicely.

### FREAK ACCIDENT ON DONNER HIWAY

In a freak accident yesterday morning the driver of one of the huge Cotant trucks and trailers escaped injury when the vehicle left the road just east of Donner Summit and literally climbed a cliff. Instead of crashing against the side of the rocks, the big machine left the road and stopped, without overturning on the peak of the almost perpendicular wall and lodged on top.

### Victory Letter From Australia Received Here

Believed to be the first Victory letter received here, Mr. and Mrs. F. F. Kearney last week heard from their son, Phillip, soldiering with the army in Australia. The letter is quite novel in size and is a photograph of a larger letter originally written. Phillip says in part that he finds lots of Irishmen in Australia and that he is enjoying the country. "Am sleeping in a horse stall here (not with the horse—he moved out)," the letter concluded.

### Returns To Work

Joseph Digesti of Truckee, who two years ago suffered an accident while working for the Southern Pacific Company which resulted in the loss of one foot, this week returned to work for the railroad as "Jerry" machine operator at Norden. It is a position which does not require him using his feet and offers permanent and gainful occupation.

### MARRIAGE LICENSE

A marriage license was issued in Reno this week to Granville B. Simmons, 32, and Jane Margaret Grahame, 28, both of Kings Beach, Lake Tahoe.

ON THE NEWS FRONT

## Significant Changes Observed in Spending by Rural Families

Farm families have made significant changes in their spending for living since 1935-36, the department of agriculture has announced in reporting a Bureau of Home Economics survey that described the situation in 1941 and the first quarter of 1942.

In 1941 farm families put more than twice as much into savings as they did in the earlier period. The outlays for living were increased by approximately one-third.

Net money incomes of farm families averaged 46 per cent higher in 1941 than in 1935-36. Increased agricultural production and rises in prices paid to farmers for their output moved many farm families from lower to higher income classes and made possible higher total expenditures.

Farm families with money incomes between \$500 and \$1,000—the model group in 1941—used about 7 per cent of their income for furnishings and 16 per cent for clothing in 1941 as compared with 5 and 12 per cent, respectively, in 1935-36. On the other hand, families in this income class spent less for automobile purchases and operation—11 per cent in 1941 as compared with 13 per cent in 1935-36.

Despite the increases of recent years, total net incomes of rural

families (including single persons) in 1941 and the early months of 1942 were much below those recently reported for urban groups by the U. S. bureau of labor statistics. Although national income from agriculture was approaching a record level in 1941, more than a third of the farm families and almost a quarter of the rural nonfarm families had net money incomes from all sources amounting to less than \$500 in that year. Even after adding in the value of food, housing, fuel and other items obtained without direct money payment, nearly 40 per cent of the rural families had total net incomes of less than \$1,000. Only 20 per cent of city groups had incomes equally low.

Both in average amount of income and in distribution of families by size of income, rural nonfarm families as a group are more like farm than urban groups. In 1941, the average incomes (money and nonmoney) amounted to \$1,539 for rural nonfarm families, \$1,664 for farm, and \$2,347 for urban. Of these amounts, \$228, \$518 and \$519, respectively, represented the value of noncash income such as that represented by food and other goods produced at home or received as gift or pay and the value of occupancy of the farm house or of the owned nonfarm home.

### TRAVEL RULES PROPOSED TO PREVENT OVERLOAD

Commenting on the transportation situation, particularly as it will affect those who plan to travel overland, vice president of Pacific Greyhound Lines, pointed out that the Labor Day holidays, F. W. Ackerman, heavy extra burden will be thrown on the already overloaded facilities of public carriers. Because of this, Pacific Greyhound is urging the public to observe certain suggestions that will aid in handling of essential wartime traffic and at the same time help those who must travel and keep delay and crowding to a minimum.

"Under war conditions," Ackerman said, "the convenience and comfort to which the traveling public has become accustomed must be considered peacetime luxuries. Transportation today is a vital commodity, and the existing supply must be spread among more and more people. Convenience must give way to necessity and comfort become secondary. There remains only one consideration—essential transportation."

The suggestions offered by Greyhound to those going away over the Labor Day weekend follows:

Get full information on trips and schedules in advance.

Purchase ticket NOW to avoid the last minute rush at depot.

Take as little baggage as possible. Take short trips in preference to long ones.

If possible to arrange it, leave before Saturday, and return after Monday.

Ackerman concluded by urging: "Try the Labor Day trip you are planning is for pleasure only, postpone it and BUY WAR BONDS INSTEAD."

## First Official Review of Women's Army

Mrs. Ovetta Culp Hobby, commander of the WAAC, holds the first review of the U. S. women's army at Fort Des Moines Iowa, as 800 women begin their military training for non-combatant duty. This is the first army of its type in U. S. history and represents the vanguard of an expected enlistment of 25,000 officers and "privates."

### TAHOE WOMEN'S CLUB HAS BUSY MEETING TO DISCUSS WAR WORK

TAHOE CITY, Sept. 3.—Tahoe Women's Club held its regular meeting August 25 with Mrs. N. R. Mayfield presiding. Following the salute to the flag the minutes of the last two meetings were read by Secretary Martha Burns.

Mrs. Mayfield announced that a check for \$119.78 was mailed to the U. S. O. headquarters in San Francisco, a letter of acknowledgements and thanks being received by the club from J. Henry Lang, secretary. Only a federal tax of \$13.40 was deducted from the check, the club voting to pay all expense incurred from the party. Treasurer Dianna Warner

gave the financial report.

Mrs. J. J. Duffee requested all members to donate their old phonograph records for the Records for Soldiers drive which was closed August 31.

It was announced a total of \$9.50 has been collected from other Tahoe organizations to assist with the expense of cleaning and maintaining the community hall.

The club was meeting today at which time a short business meeting was to be followed by an afternoon of Red Cross sewing.

### TAHOE RED CROSS

TAHOE CITY, Sept. 3.—A number of ladies attended the Red Cross sewing session at Community hall

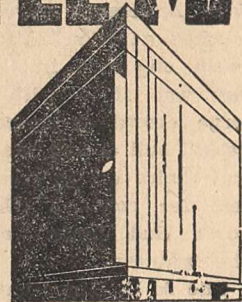

on August 24, five coming in the morning to spend the day. Mrs. Evelyn Bliss, local chairman of the Tahoe Branch, announced that another shipment of completed garments was made last week, the lot consisting of eight convalescing robes, five navy watch caps, four navy helmets, five pairs of gloves and one pair of socks.

Local residents are urged to give all their spare time to Red Cross sewing as late in the season as possible.

TAHOE CITY, Sept. 3.—The scrap iron drive at Tahoe continues to progress successfully with some 20 tons on hand and more still being collected. Residents are urged to hasten with their donations as the time grows short. Especially needed are trucks and drivers willing to donate their time in collecting the piles which have been spotted but not gathered. Anyone desiring to help may call Norman Mayfield at Tahoe City 35. The service will be appreciated greatly.

## HORSEPOWER FOR VICTORY

The first American-made Diesel engine was built to create more and better power for the brewing of Budweiser. • Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

He also founded Busch-Sulzer Bros.-Diesel Engine Company which made submarine engines in World War I, and today holds the Navy E Award for excellence in the production of Navy ordnance and Diesel engines essential to the war effort.

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentation and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

### Endless research in making the world's leading beer has led to other products

**VITAMINS, B COMPLEX**—Our plant is one of the largest sources for manufacturers of pharmaceutical and food products.

**VITAMIN D**—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.

**BAKER'S YEAST**—We are one of America's biggest suppliers of standard and enriched yeasts and malt syrup used to make bread.

**STARCH**—for food, textile, paper and other industries—millions of pounds annually.

**CORN SYRUP**—many millions of pounds annually for America's candy industry.

**SYRUPS**—for food, table and confectionery uses and special syrups for medicinal purposes.

**VITAMINS FOR LIVESTOCK**—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.

**REFRIGERATING EQUIPMENT**—for retailers of frozen foods and ice cream the country over. This division is now working all-out on glider wing and fuselage assemblies for our Armed Forces.

## Tahoe Briefs

Little Stanley Martin, Jr., last Tuesday underwent an operation for the removal of his tonsils in a Reno hospital. With his mother he remained for a week at the S. K. Morrison home, returning to Tahoe Saturday. Although he will have another weeks vacation from school, he is recovering nicely and will soon be back to normal.

Tahoeites who attended the rodeo at Bijou Sunday included Mr. and Mrs. Carl Bechtolt, Jr., Mr. and Mrs. Bobbie Scates, Bud Jones and Miss Kathleen Starratt Anderson and Jack Anderson. Marcelle Barkley, a teacher at the Lake School at the south end rode in the parade. The day was filled with thrills or the large crowd of spectators who witnessed bull dozing, stake racing, musical chairs on horseback and a contest for cowboys who milked wild cows. Bud Jones was close behind the winners.

The A. D. Kings have departed from their summer home near the Tavern with the E. B. Kings anticipating it for a vacation soon.

## Second Front?

Hint of a second front was seen in the arrival in London of four American air force generals who will be responsible for operations of our fast-growing aerial armadas over Europe. Shown above is Maj. Gen. Walter H. Frank, heading the U. S. air service command.

## KVISTBERGS HEAR THAT GRANDSON IS MAKING RAPID PROGRESS IN NAVY

TAHOE PARK, Sept. 3.—Word reaches Captain and Mrs. John Kvistberg this week of the advancement of their grandson, James Easton, Jr., who has completed his preliminary courses and is a full-fledged ensign. His letter tells of being the first one in his class to finish the examination in slightly more than a day and a half, this feat alone setting a record in the school. He is now a qualified gunnery officer and has completed his advanced first aid course. His former, Tahoe classmates have been watching his career with interest. Jimmie was 22 on August 28th.

## Tahoe Socialites

by SWANEE

Mrs. Ruth Mayfield and Mrs. Ruth Ables motored to Placerville Monday to visit relatives and bring home some fruit for canning.

Mr. and Mrs. Jack Bell, Jr., of Oakland are spending the week at Tahoe.

Minola Tackett has left Tahoe for San Francisco where she plans to attend the Commerce High School.

Mrs. D. C. Turnage and daughter have returned to their home at Lake Forest.

Mrs. Ruth Shifton returned last weekend from Auburn where she visited for a week with her parents.

Mrs. Irene Bell has returned to Richmond after having spent a week at Tahoe, Carson and Reno. While here she was a guest of the Ben Stanleys.

The John Merrills have closed their home near town and returned to their home in the bay area.

Mr. and Mrs. Charles Swanson of Sunrised entertained guests over the weekend, among them Mr. and Mrs. Al Wilson and son, Wayne, and Mrs. Laura Wilson and Mr. and Mrs. Herbert Goddier all of Oakland. On Sunday guests included Mr. and Mrs. Elwyn Ames of Mt. Pleasant.

The A. D. Angell family are occupying the Moore home near the Tavern.

Miss Helen Towne and Miss Patricia Henry motored to Lafayette over the weekend to witness the horse show Saturday and Sunday. They were expected home Monday.

Mrs. Nellie Woolley has returned to her home in Reno after having spent the greater part of the summer at the home of her parents, Mr. and Mrs. E. H. Pomin of Tahoe Park.

Crist Brodehl, brother of Captain D. M. Brodehl of Tahoe City and J. A. Klemm, brother in law, of Lodi, enjoyed the hospitality of the Brodehls over the last weekend. Howard Barnett and a companion from San Francisco and Mr. and Mrs. Martin Glasci of Stockton were among the other visitors. Dick Brodehl, grandson is spending his vacation here.

## Tahoe Schools

The Tahoe Grammar School this week has lost three pupils from its classes with the departure of Rusty Frodenberg who with his family, Mr. and Mrs. Arthur Frodenberg of Alaska, left for Las Vegas. The family are not certain of their ultimate destination. Frodenberg is the son of Mrs. W. A. Simmonds.

The three Stout children, Peg E. from the high school and Ned and Jay from the elementary division left Tahoe this week with their parents.

Visitors at the Tahoe Lake School last week included Elwyn Gregory, superintendent of Placer County school, Mrs. Arthur Frodenberg of Anchorage, Mr. and Mrs. O. Quance and two daughters, Miss Dorothy Webb and Miss Olive Christensen both of Alameda and three former pupils, James Frazier, Roy Spencer and Margaret Luhrs.

Movies on September 8 will feature a picture of California's missions in observance of Admission Day. A second first aid picture, Control of Bleeding and a dog picture also will be shown.

The elementary grades went on one of their regular hikes on August 25 accompanied by Miss Margaret Luhrs who acted as guide. Their destination was the ravine near Bear Trap and the reservoir. Miss Luhrs pointed out some of the wonders of nature along the way and also discovered some fresh bear tracks.

The Junior Red Cross class this week is preparing to learn the art of weaving, a loom having been sent up from Auburn and set up in the working order by Mrs. Dian Warner who has generously given of her time on the project. The students will make stretcher covers for the senior Red Cross division in Auburn, they being a product of silk stock-

irgs, cut in thin strips and woven into long thin pieces two of which are joined later to make one complete cover. It has been reported the government has found silk stockings unfit for reuse in parachutes due to the age of the material. Any Tahoe-ladies having silk stockings to discard will find them welcomed by the Junior Red Cross.

Mr. and Mrs. O. Quance and two small daughters who left Guam on the boat which sailed before the attack on Pearl Harbor were visitors at the Tahoe Lake school last week. Ensign Quance entertained the children for a full hour with tales of the islands and showed colored films which were taken over a period of two or more years. They also brought along beautiful shells from Guam and purses which had been made of shells. While at Tahoe they were guests at Big Chief, their home being in San Rafael now.

Weather permitting the nine freshmen will receive their initiation on Friday evening, according to plans.

## Politically Speaking

by JOHN W. DUNLAP  
(United Press Staff Correspondent)  
SACRAMENTO, Sept. 3.—(P)—Some surprising things happened in the primary election.

Even the Republicans were hardly prepared for the strong showing Earl Warren made for governor on the democratic ticket against Gov. Olson. Republican Warren emerged from the status of a dark horse to the position of definite contender in the November run-off. Democratic leaders had been fighting a feeling of overconfidence among their ranks but all that must have been dispelled.

Olson polled about 500,000 votes just a bare few more than he captured in 1938 against a large field. Warren was just about 100,000 behind him on the democratic ticket and approached 650,000 on the republican slate, for a grand total of something better than one million. The November battle will be a hot one, involving the side factor of the

### Expert Urges Undersea Cargo Carriers

Simon Lake, one of the inventors of the submarine, who advocates the building of undersea cargo carriers capable of carrying 7,500-ton loads of supplies, oil, tanks, etc., to the fighting zones, shows the senate military affairs sub-committee a model of a new freight-carrying submarine which he designed. Lake is in foreground. Left to right, Senator Edwin C. Johnson and Senator Josh Lee.

hot cargo referendum and the legislative contests. Organized labor will be out beating the bushes for votes against Warren and hot cargo. And the Republicans, sensing a chance to throw out the democrats on the wave of anti-Olson vote, will be given fresh hope by the strength Warren showed in the primaries.

One of the most unusual aspects of the Warren vote was his popularity in the Los Angeles area and his lagging behind Olson in his home county of Alameda. Pre-primary talk gave Warren the brushoff in the south.

Another hot contest will pit Lieut. Gov. Ellis Patterson against Republican Frederick Houser of Alhambra. Patterson must be rated the favorite because he's the incumbent and a democrat but Houser will pick up momentum and probably take a good share of the votes that went to James Rolph, III, the third man in the race.

Rolph has the unique distinction of losing two successive elections. In 1938, he grossed more votes than any other candidate on both tickets but lost each nomination, one to Patterson and the other to D. Walter Franklin. Houser proved his undoing this time, partly because he comes from the populace south and partly because he had the important party endorsements.

The attorney general's fight will be a humdrum, between State Senator Robert Kenny of Los Angeles and Wallace Ware of Los Angeles. Ware barely nosed out Kenny for the republican bid, else the senator would have won both nominations. One of Ware's chief issues is the defeat of the hot cargo referendum—to put the law in effect.

Should Olson win the governorship neither Ware nor Kenny would be acceptable. Kenny broke with Olson in the legislature and only consented to get out of the governor's race when he received the support of the democratic machine. But if Warren wins either will be okay. Kenny is a personal friend of Warren and his southern campaign manager four years ago. Ware dropped out of the governor's race too, and supported Warren from the start.

Frank M. Jordan, the son of the late secretary of state Frank C. Jordan, has a good chance of going back into the office he left as a deputy when Paul Peek was appointed secretary by the governor. Peek won the democratic nomination from Jordan but the latter piled up a large republican total against minor opposition and must be reckoned with in November.

As expected Controller Harry B. Riley and Treasurer Charles Johnson were reelected without trouble. John

### Small Blaze

TAHOE PARK, Sept. 3.—Henry Proebstel, in charge of the Tahoe Public campground fire suppression service reports small damage from fires in the Tahoe City area during the past week. Only one fire had occurred and that was a "smoker" fire on Skid Road above Brockway which burned over about a quarter of an acre of brush before it was controlled.

Production of all types of frozen foods is being stimulated by the war.

son is a perennial winner, this being his sixth straight four year term, while Riley is well started on a long career. He scored more than two million votes in 1938 and probably will top that figure this time. State Superintendent of Public Instruction Walter Dexter was another who had no difficulty in being reelected.

The Republicans are going to dominate the legislature again, regardless of who is governor. And already the drums are beating for the speakership with Democrat Earl Desmond and Republican Charles Lyons mentioned favorably. Speaker Gordon Garland dropped back into private life when he lost the board of equalization race to Incumbent Ivan Sperbeck, so the race will be wide open when the boys come back to Sacramento.

### House and Home

By MARY E. DAGUE  
Author of Sister Mary's Kitchen.

The more information we can acquire on how to save, how to buy and how to prepare nutritious meals for our families the easier we will win our kitchen war against waste, against poor health and malnutrition and against imprudent marketing.

So let's consider the question of meats. First of all it's essential to know just how much meat you need to serve your family. It has been calculated that one-fourth pound of meat should be allowed for each serving of boneless cuts and ground meat. Allow one-half pound per serving for cuts with some bone. Allow one pound for each serving of partially dressed poultry. When you buy sausage products such as bologna and luncheon meats two to three ounces are allowed for each serving.

It's a good idea to buy roasts and pot roasts big enough to make two or three meals. These meat dishes are good sliced cold and are easy to work up in made dishes.

Other cuts of meat, such as steaks and chops are more economical if bought in just the right amount for one meal with no leftovers.

Learn how to use the less demanded cuts of meat. There are shoulder or chuck cuts, flank, breast, neck, shank and short ribs of beef.

These same seldom-used cuts are found in veal and pork and mutton and lamb.

For the limited budget the meat flavor is extended in casserole dishes, filling soups and meat loaves by using vegetables or cereal products with the meat.

Meat loaves use chopped meat to splendid advantage and of course you know you can use combinations of meats in order to vary your flavor.

Here is a recipe for a jellied veal loaf that is attractive and delicious for summer meals.

**Jellied Veal Loaf.**  
One shank of veal, 2 pounds breast of veal, 1 onion, ½ cup minced parsley, 4 hard cooked eggs, salt and pepper.

The butcher should saw through the bone of the shank in several places. Cook in boiling water to cover, cooking onion with the meat. When tender drain and chop meat finely. Reduce stock to one cup by boiling rapidly. Garnish bottom of mold with egg slices and parsley. Put in a layer of meat, season with salt and pepper, sprinkle with parsley and add a layer of sliced eggs. Continue layer for layer until all is used, making the last layer of meat. Pour over stock and cover with a plate weighted slightly to make the loaf firm. Chill over night. Unmold and garnish with parsley.

## ABOVE the HULLABALOO

By LYTLE HULL  
Free Labor and the War

The most momentous Labor day in history will be observed by the American people on September 7. On this day millions of American workmen will signify their determination to out-produce the slave labor of Axis-dominated Europe and Asia in the manufacture of war weapons. This day will be a summons to rally around the slogan, "Free Labor Will Win."

Donald M. Nelson, chairman of the War Production board, recently issued a report covering the progress of the war effort in the first six months of 1942. He showed that American industry and labor are turning out munitions of all kinds at a rate almost three times as great as that before the treacherous attack on Pearl Harbor. Nelson's report was no Pollyanna document. He admitted that a long, hard road stretches ahead and warned that "too much boasting" about our achievements was "altogether premature."

The WPB report detailed the gains in production as follows:

The output of all munitions for the first six months of 1942 was 1½ times as great as that of the 12 months of 1941.

Production of aircraft in these six months exceeded that of the entire 12 months of last year.

Merchant ship tonnage delivered was 133 per cent greater than in 1941.

The number of anti-aircraft guns manufactured was about 3½ times greater than that of the entire previous year.

The production of tanks showed a tremendous increase.

The production of machine tools

in the six months was 77 per cent of that of the 12 previous months.

Contrast the American picture with that of Europe. Hitler is the cruelest slave master in history. Workers receive the minimum amount of pay. Millions of foreign workers are dragged into the Reich by force, threats or empty promises. The Hitlerian labor battalions include children who, in America, would be receiving the benefits of a great educational system.

Reports from Berlin admit the presence of 3,000,000 foreign workers brought in from occupied countries to take the place of Nazis serving in the armed forces. Other sources place this total as high as 5,000,000. The forced labor—including 1,500,000 French prisoners and thousands of Russians—is not classified as "foreign labor."

Children of 15 years and older have been registered in Norway for compulsory labor and service in Germany. Children from the Baltic states have been pressed into labor in German factories. Belgian girls are being shipped into the Reich to do hard labor at long hours.

Against that dark background, the observance of Labor day will have a special significance in the United States this year. More than ever it will belong—not to union labor nor to non-union labor, not to the AFL nor the CIO—but to the American people and the people of the United Nations. It will belong to all men everywhere who work with hand or brain or heart for the destruction of Axis tyranny and who have a deep conviction that "Free Labor Will Win."

## Telephone Lines Are the Busiest In History

You Can Help Us to Help You

We want you to know that we are meeting the war emergency with everything we have, but in these critical times delays are bound to occur.

In speeding Victory, the telephone lines are busier—far busier than ever before. We cannot plan and build new lines and new switchboards, as we normally would, because copper and other strategic materials have gone to war in planes, tanks, and guns.

Unnecessary and needlessly long telephone calls should be out for "the duration." War calls must be given the green light.

Your considerate thoughtfulness in making only the most urgent calls is inspiring to all of us who are earnestly endeavoring to uphold the finest traditions of telephone service. May we also ask you to help us further to help you by being brief on all calls, by calling by number when making long distance calls, and by answering calls promptly.

Thank you

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY  
Commercial Row \* Telephone Truckee 50

## ONLY ONE STOP

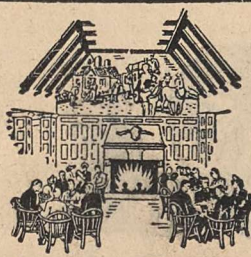

It's The Law!

to save precious rubber for the war effort, the director of Defense Transportation issued a general order to service industries which says:

1.—We cannot make more than one stop at each customer's residence in any one day. This means to pick up your laundry, your bundle must be ready and available when we call. To deliver your laundry, we must make collections at the time of delivery. If these rules are not complied with, we must postpone delivery or pickup until the next day.  
2.—We cannot give any special delivery service. This means any requests, other than our regular delivery service, cannot be granted.  
3.—We must reduce our truck mileage 25 per cent each month below what it was the same month last year. This means we must re-schedule our delivery

This is a government order, we must comply with it  
The inconvenience caused by this order will mean a sacrifice to both of us. But we feel that it is a small sacrifice, because it will enable us continue to serve you and at the same time help our nation in its effort to win the war.
